- Dental surgeons
- Dental technicians
- Orthodontists
- Specialist physicians
- Clinic and university hospital directors (CHU)
- Dental students
- Distributors & importers

THE MUST-ATTEND EVENT FOR DENTISTRY IN AFRICA

Morocco Dental Expo 2027 has established itself as the largest independent event dedicated to the dental sector in Morocco, and one of the leading African platforms in oral healthcare.

Bringing together every year a wide range of national and international professionals, the exhibition serves as a true hub for networking, innovation, and business, where scientific expertise, technological advancements, and industrial dynamics of modern dentistry intersect.

Driven by a continuous innovation approach in the service of oral health, **Morocco Dental Expo** strengthens its strategic positioning by fostering exchanges and building sustainable partnerships between Moroccan dental professionals and international decision-makers.

DENTAL TRIBUNE

DENTAL TRIBUNE will be held alongside the exhibition, in perfect synergy with the exhibition area.

This high-level scientific program will bring together a panel of nationally and internationally recognized experts in various fields of modern dentistry.

It aims to provide a dedicated space for knowledge sharing, professional development, and scientific updating through:

- Thematic conferences dedicated to the latest advancements in restorative dentistry, implantology, orthodontics, medical imaging, and digital technologies, among others.
- Hands-on workshops and live demonstrations allowing professionals to discover, handle, and compare the latest technological innovations.

KEY FIGURES
