• Introduction:

The Shenzhen International Dental High-Tech Expo (SDHE) is committed to building a globally influential event for dental high-tech, integrating exhibitions, forums, academic exchanges and industrial cooperation. As a key platform connecting China's dental high-tech sector with the world.

With 400 leading dental enterprises exhibiting and 20,000 dental professionals in attendance, the event will welcome more than 20 professional purchasing delegations. We provide exclusive services such as targeted procurement matchmaking and dedicated procurement conferences to fulfill your precise sourcing needs.

• Exhibition Highlights:

1. Showcasing high-tech advancements, new products and new materials in the dental industry.
2. Building a high-end platform for trade and technical exchanges in the dental industry.
3. Serving as a one-stop service platform for displaying dental brands.
4. Delegation Provide pick-up and drop-off services for international group representatives, catering services at the exhibition venue, and partial hotel services.
